

Face or Palm Twice as Easy. Yale Luna Elite+

Step into the future of home security with Yale Luna Elite+, a premium smart lock that redefines both protection and convenience. Featuring Yale FaceScan, this lock uses 3D structured light technology to recognize your face with extreme accuracy, even in low-light conditions. This lock also featuring with Yale PalmScan, one of the most secure and hygienic access methods available, this technology scans the unique vein structure beneath your skin, ensuring impossible-to-duplicate authentication that works regardless of wet, dry, or dirty hands. Simply hover your palm near the sensor for a fast, contactless, and ultra-secure unlocking experience. Say goodbye to physical keys—just high five to your lock, and it unlocks instantly.

With built-in Wi-Fi and BLE, Yale Luna Elite+ allows remote access, real-time monitoring, and seamless integration with your smart home—no additional hub required. Smart Dual-Battery Technology ensures continuous power, utilizing dual batteries for smart energy management, preventing unexpected shutdowns.

Taking security even further, Yale Sentry Guard provides instant notifications and video footage if someone lingers at your doorstep, ensuring your home is always under watchful protection. You can also enjoy live video streaming, 4.7 inches touchscreen, and a welcome light that illuminates your entrance for both safety and style. Plus, a built-in doorbell adds even more convenience to your everyday life.
